Not just another box in the living room. The Nokia Mediamaster 210 T is the most demanding eye.

All digital TV. One receiver.

Digital television is reality. A whole new variety of content is at your fingertips: entertainment, sports, news, movies, you name it. Everything you see and hear will be of amazing digital quality.

And here's the best part. You don't need a new TV set. You don't need a satellite dish – or even a cable connection. The Nokia Mediamaster 210 T is all you need to access quality digital content.

Switch on. Watch. Wherever you are.

The beauty of the Nokia Mediamaster 210 T is its ease of use. You simply plug it into your existing rooftop TV aerial or use a simple active indoor antenna and start exploring the world of digital television. For example, with it you can bring digital TV to your summer cottage or to your caravan. The Nokia Mediamaster 210 T is practically portable.

Not just quantity, but quality.

The Nokia Mediamaster 210 T gives you access to all free-to-air digital TV channels, but that's not all. It also has a common interface slot where you can plug in any Pay TV operator you want.

There's no need to worry about getting mixed up with your channels: the on-screen Navi™ Bars user menu makes browsing very easy. And fast. You can also create personal favourite lists and enjoy a fully automatic channel set up. There is a handy electronic programme Guide (EPG) at your service, too.

And then of course, you benefit from the digital picture (normal ratio, wide-screen, you decide) and Dolby Digital™ supported sound – a whole new standard in TV entertainment.

210 T is designed to please even

**Entertainment isn't all about watching TV.
So why not listen to digital radio?
Or play a few games?**

With your Nokia Mediamaster 210 T you can receive all digital radio channels in your area. Being digital, they benefit from high quality digital sound, so plugging the Nokia Mediamaster 210 T into your stereo enhances the listening experience.

And should you still crave for something to do, you can play the classic Nokia games, Snake and Tic-Tac-Toe and a new one, Card Deck on your TV.

With an active indoor antenna, The Nokia Mediamaster 210 T brings digital TV to you.

**Everything changes so fast.
Is this a good time to get digital TV
– or Nokia Mediamaster 210 T?**

Absolutely. When you see it, you'll believe it. What's more, with the Nokia Mediamaster 210 T you're covered for the future too, as you get updates when new functions and services come available. The same goes for all Nokia home entertainment products and solutions, guaranteed.

Your dealer will be happy to give you more information on digital television as well as the Nokia Mediamaster 210 T – and our other, exciting digital home entertainment products. There's no place like home.

The Navi™ Bars menu: fast and easy.

Many good things in a small package: you'll have access to all digital free-to-air channels as well as the pay-tv operators of your choice.
